“The Journey to Greece program was a very memorable experience that gave me an excellent opportunity to explore my native homeland through travelling, studying, and making new friendships. The program was well organized, and I was impressed most by how welcoming the supervisors and others involved in the program were to me and my fellow participants”.

“My Journey to Greece experience was unique due to the AHEPA Supreme Convention being held in Athens following the end of the program. At the social events, I was able to meet AHEPA members from all over the world”. “I recommend this experience to anyone that wants to learn more about their ancestry or about Hellenism in general”.

“Spending my first summer in Greece on the AHEPA Journey to Greece program has been the most amazing experience of my life”.

“Visiting the homeland of my Yia Yia and Pappou was extremely meaningful to me and because of my trip this summer I feel more attached to my Greek heritage. The friendships I made on the trip will last a lifetime and the knowledge I gained will stay with me forever”.
